1)

```java
class TT3Q01{
    public static void main(String[] args) {
        Arq.openRead("teste.txt");

        String s = "";
        while(Arq.hasNext() == true ){
            s += Arq.readChar();
        }

        Arq.close();

        Arq.openWrite();
        Arq.print(s);
        Arq.close();
    }
}
```
